Lorenzo proposed to continue the discussion at our September meeting when the entire board will hopefully be present. Lorenzo mentioned that he has someone in mind for the position but it's also possible that someone might volunteer.

5. President's Report:

Lorenzo Elliott —expressed happiness that we were able to meet because he didn't want the board to go two months without ameeting. **Lorenzo** stated that **Jenny Hawran** couldn't attendtoday's board meeting because she was busy filming a program. **Lorenzo** made small talk about everyone's summer and mentioned that this was our last meeting until September.

6. Staff/Jenny

Lorenzo Elliott – read Jenny Hawran's report: 1). FCC - preliminary report -FCC will vote in August to cap Franchise fees at 5%. This does not directly affect WIN TV because Connecticut no longer has franchise agreements. The concern was the in-kind donation part which would enable Comcast to put a monetary value on channels and deduct it from the quarterly funding that's provided to stations. The FCC seems to have backed off on the part of cutting channels as in kind donations which is good news for WIN TV but crippling for other states that have franchise agreements with their local municipalities. The official result will be apparent after the vote in August - things can still change. **Lawrence Jaggon** stated that he wasn't sure about the franchise agreement and wanted to clarify whether we have franchise agreement with the town of Windsor. **Lorenzo** clarified that according to **Jenny**, we no longer have Franchise agreements in CT. Lawrence asked whether channel 92 and 96 are controlled by the town. It was clarified that these are still government channels and they belong to WIN TV. The group settled on the understanding that the franchise agreement issue does not currently impact stations in CT- which works in our favor for now but keeping in mind those things can change in the future. 2). **PEGPETIA** – Grant was written and awaiting for the state to re- open posting in 2 weeks. The station is seeking new editing computers that can handle the processing of hasty footage, additional cameras, iPads, control room updates, kid vid and filming chargers, tripods and equipment that will help mobility in the field like go pros and hand held camera stabilizers. The plan is to upgradeeverything because it's not clear when this grant will ever be available again; the grant is for \$72,000. **3). Hartford Foundation for Public Giving** small agency grant is ready and will be submitted on July 31st for \$7,500 to purchase new microphones for the studio and the field. WIN TV will be closed weeks of August 12^a and 19^a due to staff being away - hours will be amended. The hours will be posted on the door and announced on social media.
